

RAFFLE DONATION

Raffle Donations for 2024

For the raffle, you can choose to donate a raffle prize(s). In doing so, it may increase the attendance, and give all the competitors another reason to visit your booth and/or business. You can display your raffle prize at your booth and have a collection jar at your booth for raffle tickets. When competitors visit your booth, they will put their raffle ticket (s) directly into your jar for their chance to win your prize. This will help raise your attendance level and exposure of your product line during the event. This is not a requirement to be a vendor.

If you decide to participate in the raffle, please disclose what item/s you will donate.
